

HATHOON SHERIFDEEN

Ample choices, options and opportunities were provided to bridge the gap between the surpply and the demand in the employment market through the EDEX expo 2008 exhibition, held at the BMICH.

Stalls were segmented with easy access to the viewers in a professional manner.

Local and global providers of education, job providers and the career guidance providers were present in their numbers this year.

Attractive and colourful stalls caught the eyes of the audience that fascinated the visitors. Parents were looking for future opportunities for their children. Many banks, software companies, apparel companies and other recognised companies held stalls to interview job seeders in various fields.

On the spot admissions were also provided by various local and overseas representatives and the affiliated institutions of various coverseas universities were also present. The fifth edition of the EDEX three-day event saw a record crowd. The foreign participants were pleased with the response from the participants. The media sponsor for the event was Associated Newspapers of Ceylon Limited
