Vidulka Energy Exhibition and Symposium 2010 which began on Wednesday is attracting a large number of visitors to the event. The Vidulka Energy Week is the first ever National Energy Exhibition in Sri Lanka would be hosted from August 3 to 8 at the BMICH.

Vidulaka is organized by the Sir Lankan Sustainable Energy Authority (SLSA) in collaboration with the Power and Energy Ministry. Here are some of the snap shots from the exhibition captured by our photographer Saliya Rupasinghe

Producing energy while you workout
