Taking you to greater Heist at the Poolside

Ceylon Continental has set out to change the face of Colombo Pub Culture, through the extension and transformation of its Heist Bar. The hotspot celebrated its nouveau look and offering with an extravagant party cum fashion show at the Hotel's poolside on Saturday the August, titled 'Taking you to Greater Heist'. The Bar has now extended to the Hotel's poolside, which completely revolutionizes the Hotel's nocturnal reflection.

The event was attended by VIP invitees, leaders from the business community and many other distinguished guests, celebrities and stars.

Guests and invitees were treated to a fashion show built around an innovative ramp across the pool. Some of Sri Lanka's top models were seen walking the ramp, displaying an array of trendy clothing which included radiant swimwear courtesy of Buddhi Batiks.

The party included DJ music which drew all the guests to the dance floor. Fusion drummers added extra enthusiasm to the event, and Latin American and Hip-Hop dance acts added flavour and excitement to the event, which proceeded throughout the night.

'The Hotel has set out to create Colombo's most happening Happy Hours. The spaciousness created through the extension, together with the amazing ambience and views exclusive to

the beach front Continental fulfills this inimitable experience' Director/ General Manager, Upul Gamage stated.
