

Techno 2010

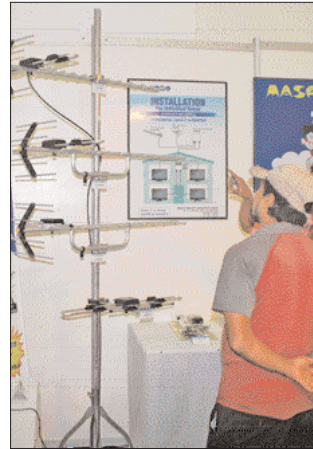

The Techno 2010 which concluded yesterday attracted a large number of visitors. Techno 2010 showcased the county's multi-disciplinary engineering talents to drive Sri Lanka into technological excellence to uplift people's living conditions. Here are some of the pictures captured by our photographer **Sulochana Gamage** at the Techno 2010 exhibition.

A keen school boy

Participants inspired by the technologies available in the country

A high performance TV antenna

Visitors going through brochures distributed at the exhibition

Engineering machinery on display

A visitor making an inquiry

Introducing high-tech machinery to visitors.

An exhibitor explaining a detail to visitors

Engineering Technology Faculty stall

High-tech machinery on display

A product demonstration

At the Mackwoods Engineering stall
