

Inspiring the woman in you

The Ceylon Continental Hotel began this year's Ladies Night with another Fashion Elite, dressed to inspire, for an evening of Feminine Fun and Frolic last Thursday (January 13).

Ladies of all ages took the Heist Bar right up to international standard as ladies from England, Belgium and Germany came to unwind and enjoy the time away from their men and work.

This time around Salon Dudette sponsored the event giving away vouchers and gifts at the entrance. Salon Dudette located at Nawala has the skilled stylists, beauticians and manicurists to treat one to the ultimate urban retreat of wellness and relaxation. Ceylon Continental as always gave away complimentary beverages and Chef's Special on each table, overnight stays, dinner for two vouchers and many more as gifts for the various competitions held that night.

Popular band Sonali & Champagne kept the night alive with some great music while the DJ also spun some good music for the ladies to get on their feet and dance away.

A fashion show with designs by Iresha Manojini was showcased for the ladies to get a glimpse of what to get for an upcoming evening event

"We are also offering our Suite Rooms to any ladies interested in relaxing, staying overnight, at special rates. Our Suites are furnished to international standards, mixing Asian elements with contemporary design, with a breathtaking view of the Indian Ocean – the ultimate relaxation after a night of exuberance," the Hotel said.

Fall and winter attire

The Hong Kong Fashion Week Fall/Winter 2011 competition took off with a swing as young designers showcased their creations on the ramp. Hundreds of exhibitors took part in the event which ran in Hong Kong from January 18 to 20. Pictures: AFP
