A highlight of the Kandy EDEX Expo

EDEX Kandy edition ends

The ninth consecutive EDEX 2012, the National Higher Education and Career Expo Kandy edition was concluded successfully last weekend at the Kandy City Centre. Expo was organized by the Royal College Union.

Over 15,000 participated in the event, mainly from areas of Matale, Kurunegala, Anuradhapura, Polonnaruwa, Ratnapura, Bandarawela, Gampola, Badulla and covering various cities in the island.

Among the main highlights of the event was Psychometrix testing facility which provided a helping hand for the undecided aspirant youth to focus on education and career path that they are skilled at. This had a very good response.

The visitors were highly impressed about the knowledge they gained from the overall exhibition.

EDEX the single largest platform that offers many choices, options and opportunities to aspiring youth from many social strata, irrespective of level of education. It is visited by senior students, eager parents, school leavers, unemployed, underemployed and those seeking higher educational, technical or vocational training opportunities or professional qualifications.

Among this year's participants were exhibitors representing more than 250 institutions from over 20 different countries. Participants from reputed universities from USA, UK, Russia, the Middle East, Far East, South Asia, Australia and New Zealand that are ranked high by many global standards. A large number of international and local professional institutes of the highest calibre also participated.

There were also many local vocational and technical training institutes from both government and private sectors, offering many options to gain advanced knowledge and enhanced skills.
