A very special birthday cake made with Ferrero Rocher, Nutella and strawberries was prepared for this extra special event and this Celebration Cake is made available for orders from now on at the Choco Luv for your very own special celebrations.

Not forgetting the humble beginnings of Choco Luv when the craziest ideas became a reality, backed by two pillars Ferrero Lanka and Magic ice cream, who believed in our dreams and helped us make it come true, we appreciate their continuous support and encouragement with every step of the way.

"Located at the Cartoon kids arcade, a small garden café "Choco luv" was an instant hit from day one.

With the customers patronizing the café increasing rapidly the café decided to open up the flagship café at Gregory's Road, enabling them to serve a larger crowd and create a beautiful ambience of a wind down zone...and it has been growing ever since", Directress Ishfa Nawaal said.
