Lounging in the skies

Sky Lounge is the latest and most chic place for anyone and everyone to hang out after work hours. With a magnificent view of Colombo, an amazing sunset and some chilled beverages - it makes the perfect ambience for people to come and wind down to. Located at the Rooftop of the Kingsbury Hotel, this is an ideal location for any kind of party, social event etc. These are some of the lucky guests who witnessed the opening of this latest Sky Lounge Bar.
